

Campus Location

Lemley Campus @ Memorial Complex

Occupational Focus

If your creative talents lie with an interest in apparel design, Tulsa Tech's Apparel Design program will help you prepare for careers in the industry. Apparel Design will concentrate on competencies in the area of design through textiles, custom sewing, and alterations through the use of commercial patterns. You will be introduced to methods of clothing construction through the use of industrial and home sewing machines. Creativity is further enhanced by the study of machine embroidery and digitizing.

For information concerning working conditions, physical requirements, employment and job outlook please refer to the Occupational Outlook Handbook (OOH), 2010-11 Edition at <http://www.bls.gov/oco/>.

Career Majors

Apparel Design Technician - 555 Hours*

This major prepares students to assist in the process of designing and creating constructed sewn products. Students will learn to express their creativity through the use of color, textiles, trends, and styles, while integrating design principles. Students will also build their technical construction skills for sewn products through the use of patterns and sewing machines.

*Career major, courses and hours are subject to change without notice

College Credit

College credit is available for the majority of Tulsa Tech's full-time programs through Rogers State University, Oklahoma State University-IT or Tulsa Community College. Advanced standing credit may also be granted for some of our programs. The number of hours varies depending on the program length, the college granting the credit, and the student's plan of study. Check with your Tulsa Tech counselor for more information.

Tulsa-Area Salary

\$8.23-\$22.65/hour

Application Process

High school students see Tulsa Tech career counselor or sending school counselor.

NOTE: Some programs have additional admissions criteria. For specific program requirements and applicable prerequisites, contact Admissions at 918.828.5260.

Tulsa Tech does not discriminate on the basis of race, color, religion, national origin, gender, age, marital or veteran status, or disability.

Tulsa Tech is accredited by the Oklahoma Department of Education, the Oklahoma Board of Career & Technology, & the North Central Association--Commission on Accreditation & School Improvement.

Also, where available, our programs are accredited by the specific industry standards associated with their industry.

To remain current with the demands of business and industry, curriculum is periodically revised. The revision may change the number of Tulsa Tech classes that apply toward the college credit. The number of credit hours identified in the agreement the year the student completes the class will determine the credit hours the student receives. Conditions are based on the actual agreements and are subject to change annually.
