

Campus Location

Riverside Campus

Occupational Focus

Have you ever wondered what it takes to put your favorite television programs on the air? Go behind-the-scenes with Tulsa Tech's Television Production program. Students will experience all aspects of television production, from developing the original program concept to shooting the video to editing the final product. Students will learn scriptwriting techniques, basic camera operation and lighting, and digital video editing. Students will work in the studio and on location to produce a variety of programming, including news and entertainment segments. Unleash your creativity with this hands-on, skills driven program!

For information concerning working conditions, physical requirements, employment and job outlook please refer to the Occupational Outlook Handbook (OOH), 2010-11 Edition at <http://www.bls.gov/oco/>.

Career Majors

Audio & Video Production Assistant - 525 Hours*

This major provides foundational knowledge and skills for entry-level work in the field of television production. Students will be exposed to many areas of television production, including scriptwriting, basic camera operation, lighting, digital video editing, and news and studio production. Students will gain experience both in the studio and on location while creating a variety of projects and participating in regional and national competitions and contests.

**Career major, courses and hours are subject to change without notice*

College Credit

College credit is available for the majority of Tulsa Tech's full-time programs through Rogers State University, Oklahoma State University-IT or Tulsa Community College. Advanced standing credit may also be granted for some of our programs. The number of hours varies depending on the program length, the college granting the credit, and the student's plan of study. Check with your Tulsa Tech counselor for more information.

Tulsa Tech does not discriminate on the basis of race, color, religion, national origin, gender, age, marital or veteran status, or disability.

Tulsa Tech is accredited by the Oklahoma Department of Education, the Oklahoma Board of Career & Technology, & the North Central Association--Commission on Accreditation & School Improvement.

Also, where available, our programs are accredited by the specific industry standards associated with their industry.

To remain current with the demands of business and industry, curriculum is periodically revised. The revision may change the number of Tulsa Tech classes that apply toward the college credit. The number of credit hours identified in the agreement the year the student completes the class will determine the credit hours the student receives. Conditions are based on the actual agreements and are subject to change annually.
